

CREATE AN EXPERIENCE THIS HOLIDAY SEASON

There is something deeply communal about gathering around good food, good wine, and good friends. Sitting around the table together brings out the best stories and builds new memories, and sharing the experience over an unforgettable meal is priceless.

**As we draw near to the holidays,
we invite you to create an experience.**

Gather your friends and loved ones around our table, and enjoy discovering new flavors and making new memories together.

CREATE AN EXPERIENCE THIS HOLIDAY SEASON

The Jason Brady Restaurant Group encompasses four distinct restaurant concepts — Wine Country, Parish Taceaux, Zocolo, and Southern Fork Catering. Each concept has its own personality, dynamic, and flavor, but they all meet the same impressive standard of taste and execution — a standard set by Jason Brady, our locally grown, nationally renowned chef.

“We provide the highest level of service and an incredible quality of food, sourced locally and sustainably whenever possible. We are stepping up the restaurant game in every way.”

Wine Country was created from chef Jason Brady's passion for food, wine, and people – and this upscale bistro concept quickly developed into one of the premier restaurants in the area. A marriage between classic dishes and the freshest ingredients has produced true comfort food at an elevated level. And, of course.... the wine. Our wine selection is unparalleled in the area, and whether you're ordering by the glass or bottles for the table, we have something to please every palate and occasion.

Wine Country recently moved into a larger, newly renovated space across the street on Line Avenue, which features ample space for private events – whether an intimate dinner, a lively party, or something much larger.

“We provide the highest level of service and an incredible quality of food, sourced locally and sustainably whenever possible. We are stepping up the restaurant game in every way.”

Parish Taceaux takes an irreverent, out of the box spin on tacos and crafts food that is as delicious as it is unexpected. Our taceaux are fresh and packed with flavor, and the fully-stocked bar features handcrafted margaritas and cocktails with an extra kick.

Located in downtown Shreveport adjacent to artspace, Parish Taceaux can expand its space into the art galleries for larger affairs, making it the perfect spot for a crowd looking for bold flavor and a downtown experience.

“We provide the highest level of service and an incredible quality of food, sourced locally and sustainably whenever possible. We are stepping up the restaurant game in every way.”

Everyone needs a neighborhood spot – that place where you know your favorite dish by heart, the bartender knows your order when you walk in the door, and your friends gather naturally for happy hour or to watch the game. That spot is **Zocolo** – created around the concept of family and friends gathering around good food, with no fuss.

Zocolo is a great place to host your holiday event – create a break from the hustle of the season with a laid-back celebration of the good things in life – friends, family, and great food.

“We provide the highest level of service and an incredible quality of food, sourced locally and sustainably whenever possible. We are stepping up the restaurant game in every way.”

The image shows the exterior of a Zocolo restaurant. A prominent feature is a stone tower with a red roof and a sign that reads "Zocolo" in a stylized font. The sign also includes the tagline "Neighborhood Dining & Entertainment". The building is surrounded by greenery and a clear blue sky with some clouds.

Imbued with the same standards of service and excellence as the brick and mortar locations, Southern Fork is simply the best catering option in Shreveport-Bossier. Equipped with a food truck and talented executive chef, Southern Fork brings the Jason Brady restaurant experience to you – whether at a home, at an event venue, at a farm, in a field, on the street – we’ve done it all, to rave reviews.

While we can create the flavors of Wine Country, Parish Taceaux, and Zocolo for a Southern Fork event, we also relish the opportunity to really get creative – just ask Jason to tell you about the time he roasted an entire bison over an open fire for a local wedding reception.

Southern Fork is the partner you need to create an event that will capture your imagination and give your guests a truly extraordinary experience.

“We provide the highest level of service and an incredible quality of food, sourced locally and sustainably whenever possible. We are stepping up the restaurant game in every way.”
